

# Erik Mateo

Web Developer

## Profile

Hi! I'm Erik Mateo, a passionate Web Developer with a solid background in web application development and a passion for creating dynamic online experiences. With experience in both technical support and digital marketing, I've honed my skills in building engaging websites by understanding client needs and market trends.

I work with CMS systems like Shopify, design tools like Figma and Canva, and programming languages like HTML5, CSS3, JavaScript, and Python. My professional level of English allows me to collaborate on international projects with ease.
