### PROFILE

Hello! I'm Erik Mateo, a passionate developer with a strong background in web application development and a passion for creating dynamic online experiences. With experience in both web development and technical support and marketing, I've honed my skills to create engaging websites by understanding customer needs and market trends.

### PROFESSIONAL EXPERIENCE

Attiva S.L	Remote
FullStack Web Application Developer	03/2025 - 06/2025
<ul style="list-style-type: none"><li>Designed and developed a full-featured Angular application for managing clients, users, centers, and billing processes.</li><li>Built and styled the homepage for ENEM using WordPress, integrating images, animations, authentication, filters, and pagination.</li><li>Optimized and validated dynamic forms with selectable fields, enhancing user experience and data reliability.</li><li>Developed a plugin using technologies such as Django for managing OMC commissions with Excel file uploads, contract score calculations, and report generation.</li><li>Created Python and JavaScript scripts to clean and map datasets, linking SEPE courses with companies by industry.</li><li>Resolved critical bugs across key modules and implemented detailed views with SCORM download support.</li></ul>	

Icon Experiences S.L	Remote
FullStack Web Application Developer	11/2023 - 03/2025
<ul style="list-style-type: none"><li>Built an event-focused website using HTML5, SCSS, TypeScript, and NestJS, optimized for mobile-first performance.</li><li>Implemented responsive design and content/product management with MySQL and PostgreSQL integration.</li><li>Collaborated closely with graphic designers to deliver visually appealing and user-friendly interfaces.</li><li>Used Figma for interface prototyping, ensuring design consistency and smooth development handoff.</li><li>Improved page load and navigation across devices, enhancing the overall user experience.</li></ul>

## SOFT SKILLS

---

-  **Problem-solving**  
Skilled at identifying and resolving complex issues—whether it's debugging, integrating APIs, or validating data—using clear logic and the right tools.
-  **Proactivity**  
Take initiative in my work, as seen in projects where I developed advanced features independently without constant supervision.
-  **Collaboration & Teamwork**  
Collaborated with multidisciplinary teams in real-world environments like Attiva and Icon Experiences, contributing to smooth and productive teamwork.
-  **Productivity**  
Focus on efficiency by optimizing workflows, automating repetitive tasks, and continuously improving my development process.
